

We are the Eco Warriors

We are a group of children aged 7-11 who are passionate about helping the environment. We follow and encourage our eco rules.

Our 3 rules

Every Resource Counts

Care for Our Ecosystems

Opt for Eco-Friendly Practices

**CUT YOUR
CARBON**

What have we been up to recently?

1. We helped with the paperchain competitions by cutting up strips of scrap paper.
2. Participated in 'Cut Your Carbon month' to reduce our carbon footprint.
3. Litter picks around the school grounds.

How to have an Eco-friendly Christmas

- Unplug lights when you are not using them
- Use leftovers and make them into another meal
- Reuse wrapping paper and boxes - you can even make a fun game out of them!
- After receiving any new toys or clothes, consider donating anything you might not use or wear anymore to a good cause.
