

Dear Parents,

22nd September 2020

As mentioned in our Week Ahead email we are still experiencing parking problems around school.

A car was parked dangerously on the corner of Venables Drive and Dibbins Hey during this morning's drop-off.

As many of you will be aware we contacted the Highways Officer back in January with regards to painting double yellow lines in key areas of roadways, within the vicinity of the school, but we still await confirmation of when this will be actioned.

While we are waiting for the double yellow lines to be implemented, I would again politely ask that you park responsibly and to continue to be respectful to local residents. Most parents do park considerately and I appreciate your cooperation in this. We continue to have visits from Traffic Wardens and the Police Camera car.

In addition, I would encourage parents to please cross the road away from the corners of Venables Drive and Dibbins Hey and walk to a place where you have a clear view.

Please pass this message on to carers, childminders, grandparents and friends and family who may also drop off, pick up and park around the school. Thank you for your support and continued co-operation.

Yours sincerely,

Mrs C Arnold
Headteacher
