

# **Poulton Lancelyn Primary School**

## **Children with health needs who cannot attend school policy**

**September 2022**

<b>Approved by:</b>	Headteacher	<b>Date:</b> Sept 2022
<b>Approved by Governors:</b>	Governors	<b>Date:</b>
<b>Next review due by:</b>	September 2023	

# 1. Aims

This policy aims to ensure that:

- Suitable education is arranged for pupils on roll who cannot attend school due to health needs
- Pupils, staff and parents understand what the school is responsible for when this education is being provided by the local authority

# 2. Legislation and guidance

Legislative Context:

- [Education Act 1996](#)
- Equality Act 2010

Statutory Guidance:

- Ensuring a good education for children who cannot attend school because of health needs  
Statutory guidance for local authorities (DfE January 2013)

The local authority policy can be found at <https://localofferwirral.org>

# 3. The responsibilities of the school

## 3.1 If the school makes arrangements

Initially, the school will attempt to make arrangements to deliver suitable education for children with health needs who cannot attend school.

- The headteacher and SENDCO will be responsible for making and monitoring these arrangements.
- Arrangements could include sending work home (Via seesaw our remote learning platform or photocopiable packs), attending a hospital school.
- Initial meetings with the parents/carers to discuss arrangements for working from home or hospital. A written plan detailing agreed actions for a child unable to attend school will be put in place with parents and school.
- The child will be slowly integrated back into school with alternative arrangements, such as alternative provision for break or lunchtimes or the child may come back on a reduced timetable until their health needs have been met.

## 3.2 If the local authority makes arrangements

If the school can't make suitable arrangements, **Wirral Local Authority** will become responsible for arranging suitable education for these children.

**The LA should:**

- Provide such education as soon as it is clear that a pupil will be away from school for 15 days or more, whether consecutive or cumulative. They should liaise with the appropriate medical professionals to ensure minimal delay in arranging appropriate provision for the pupil. Ensure the education pupils receive is of good quality, allows them to take appropriate qualifications, prevents them from falling behind their peers in school, and allows them to reintegrate successfully back into school as soon as possible.
- Address the needs of individual pupils in arranging provision.
- Have a named officer responsible for the education of children with additional health needs and ensure parents know who this is.

- Have a written, publicly accessible policy statement on their arrangements to comply with their legal duty towards children with additional health needs.
- Review the provision offered regularly to ensure that it continues to be appropriate for the child and that it is providing suitable education.
- Give clear policies on the provision of education for children and young people under and over compulsory school age.

**The LA should not:**

Have processes or policies in place, which prevent a child from getting the right type of provision and a good education.

- Withhold or reduce the provision, or type of provision, for a child because of how much it will cost.
- Have policies based upon the percentage of time a child is able to attend school rather than whether the child is receiving a suitable education during that attendance.
- Have lists of health conditions which dictate whether or not they will arrange education for children or inflexible policies which result in children going without suitable full-time education (or as much education as their health condition allows them to participate in).

**In cases where the local authority makes arrangements, the school will:**

- Work constructively with the local authority, providers, relevant agencies and parents to ensure the best outcomes for the pupil
- Share information with the local authority and relevant health services as required
- Help make sure that the provision offered to the pupil is as effective as possible and that the child can be reintegrated back into school successfully

**When reintegration is anticipated, work with the local authority to:**

- Plan for consistent provision during and after the period of education outside the school, allowing the pupil to access the same curriculum and materials that they would have used in school as far as possible
- Enable the pupil to stay in touch with school life (e.g. through newsletters, emails, invitations to school events or internet links to lessons from their school)
- Create individually tailored reintegration plans for each child returning to school
- Consider whether any reasonable adjustments need to be made

## **4. Monitoring arrangements**

This policy will be reviewed annually by SENDCO. At every review, it will be approved by the full governing board.

## **5. Links to other policies**

This policy links to the following policies:

- Accessibility plan
- Supporting pupils with medical conditions
- Attendance Policy
- Child protection and safeguarding policy
- Special Educational Needs and Disabilities (SEND) policy
