

Year 3 Oak Academy links for week beginning 19.10.2020

English

In English, we are writing a non-chronological report about the prehistoric animal, the woolly mammoth. First, research the animals using the internet. Then, set out your information in paragraphs with appropriate subheadings.

Maths

In maths, we are looking at adding and subtracting a 3 digit and a 2-digit number – not crossing 100. We will also be adding 3 digits and 2 digit numbers crossing 100. Watch the videos to help you and then try and do some of your own. Don't forget to look on the school website (year 3 page) and you will find our Calculation Policy which may help you if you are still unsure. Check out Mathematics for your weekly homework too!

History and Geography

This week, we are learning about Stonehenge. This week, we would like you research the ancient site. What was it used for? Where is it? How was it built? Here are some very useful websites of information.

<https://www.english-heritage.org.uk/visit/places/stonehenge/>

<https://www.bbc.co.uk/bitesize/topics/z82hsbk/articles/zg8q2hv>

You can present your research however you like. Maybe you could create an advert for Stonehenge or a historical report.

Science

In science, we are finishing off our rocks topic. We are going to be learning about soil. Have a look at this website to find out some information about different types of soil and what soil is made of.

<https://www.bbc.co.uk/bitesize/topics/zjty4wx/articles/ztvbk2p>

Could you create an informative poster about different types of soil?
