

Lessons taught separately to our 'Know About Now' topic will be:

- English
- Maths
- Science
- PE
- Computing
- PSHE
- RE

As scientists we will...

...understand the importance of exercise, healthy food and hygiene for humans
...discuss the basic needs of animals, linked to the 7 characteristics of living things
...explain differences in diet of a range of animals, identifying whether they are a herbivore, carnivore or omnivore
...draw and label simple food chains, using the terms producer and consumer
...use the terms predator and prey when discussing food chains

In PSHE we will...

...think about our individuality
...look at ways to be polite when meeting others
...discuss how different emotions feel and how we can handle big emotions
...think about self-care, staying healthy and happy

In our Rights Respecting School work, we will think about and discuss...

...Article 33: Children have the right to be protected from drugs

As readers we will...

... read a range of poetry, fiction and non-fiction texts
...read with increased fluency
...apply our reading skills to read texts across the curriculum in subjects such as history, geography, RE and science
...answer a range of questions about texts, including questions linked to vocabulary and sequence

Y2 Non-topic related learning

Summer 1

In RE we will...

...learn more about Christian beliefs and The Bible
...learn about the life of Jesus as an adult
...understand Jesus' role as a storyteller, a teacher, a healer and a miracle worker
...share stories from The Bible including The Good Samaritan, The Sower and the Seed parable and Jesus feeds the 5000 and Raising of Jairus' daughter
...discuss morals and messages taught through Bible stories

As athletes we will...

... develop our ball handling skills, throwing and catching with both hands
...develop our tennis skills, using striking with equipment with accuracy
...use a range of equipment appropriately when participating in team games including relays and races

As writers we will...

... study the text 'The Lonely Beast' by Chris Judge
...write interview questions and answer interview questions in role as The Beast
...write a character description using figurative language
...write poetry linked to 'The Jellyfish' by Michael Rosen
...write a book review
... learn how to spell words with suffixes -er, -est, -ed, -ing, -y
...learn how to spell words ending in -tion
...learn how to spell words using the possessive apostrophe

As mathematicians we will...

...solve calculations from all 4 operations using written methods
...practise strategies for recognising which operation to use when solving word problems
...practise counting in steps of 2, 3, 5 and 10 from any number, forward and backward
...use mathematical vocabulary to describe position, direction and movement recognising terms: clockwise/ anti-clockwise; quarter, half and three-quarter turns
...use grams/ kilograms to estimate and measure mass; comparing and ordering weights
...use millilitres/ litres to estimate and measure capacity; comparing and ordering volume

As computer programmers we will...

...remember rules for staying safe online
...use a simple painting program to develop graphical awareness
