

Dear Parents,

27th November 2020

DANGEROUS PARKING !!

Unfortunately, I have to write to you all again about inconsiderate and dangerous parking around school, by a small minority of parents/carers.

I know pick up and drop off times are difficult currently and it is a busy time across our two sites. However, some parents are still parking their cars on the corners of Venables Drive. This is obviously extremely dangerous and completely blocks the view of parents and children wishing to cross the road safely. This can cause a major barrier for those parents wishing to walk to school with their children, children who cycle to school and other road users. As many of you know I have had constant discussions with the Local Council and Highways Department to try and solve the problems with parking we experience. As I have informed you all previously I am still waiting for the double yellow lines to be installed on the corners of Venables Drive.

Furthermore, I have received numerous complaints about parents/carers waiting or stopping on pavements to drop or pick up passengers or reversing into resident's driveways and performing three point turns during these busy times. As always, safety is at the forefront of my concerns and I must insist that consideration is given by everyone when driving/parking around the school site/roads. Please inform anyone who collects your child on your behalf of these safety issues.

Yours sincerely,

Mrs C Arnold
Headteacher
