

Lessons taught separately to our 'Know About Now' topic will be:

- English
- Maths
- Science
- PE
- Computing
- PSHE
- RE
- Spanish

As scientists we will...

- ... Design an undersea sampling tool – taking into consideration the use of different mechanisms
- ... Discover the organisms living in Antarctica and explore the food chains they are a part of
- ... Explore how humans and animals keep warm in the Arctic
- ... Investigate insulating materials to understand appropriate clothing for an Antarctic explorer
- ... Understand the importance of nutrition for Antarctic explorers in keeping warm and safe

As footballers we will...

- ... Develop our technique in keeping control of the ball
- ... Practise our dribbling skills
- ... Develop our accuracy in passing the ball between teams
- ... Apply our tactical knowledge in a football game
- ... Learn to defend the ball while risk assessing

As readers we will...

- ... Make inferences based on the text we are reading
- ... examine and understand the meaning of vocabulary in context
- ... retrieve answers to questions from fiction and non-fiction text
- ... Summarise the key messages of a text
- ... Make predictions about what may happen next in a text

Y6 Non-topic related learning

Summer 2

In RE we will...

- ... Discuss what choices are and how we can make the correct choices as we develop our independence
- Understand what temptation is and know how Jesus resisted it
- ... Develop an understanding of how to deal with temptations
- ... Highlight the significance of our memories
- ... Explore why memories are important and how they influence our choices

In PSHE we will...

- ... Learn the importance of being proud of who we are
- ... Replace our negative self-talk with positive self-talk
- ... Establish boundaries in healthy friendships
- ... Understand how to identify and fact-check fake news
- ... Discover the importance of finding out accurate information before making decisions

As writers we will...

- ... Continue to develop our understanding of how to punctuate sentences using a range of punctuation, including: colons, semi colons, brackets and dashes
- ... Write a range of genres to apply all of our grammatical understanding learnt throughout the year
- ... Choose vocabulary carefully to suit the formality and purpose of the writing genre
- ... Continue to improve our evaluation skills in writing through peer and self-editing
- ... Make adaptations to writing based upon feedback from peers

As mathematicians we will...

- ... Revise all content learnt in maths throughout the year
- ... Apply our mathematical understanding to complete a variety of problem solving questions
- ... Utilise our mathematical understanding to develop a £5 challenge project plan to earn a profit
- ... Complete daily calculations to continue to develop our understanding of the four operations
- ... Use our problem solving skills to complete an orienteering challenge

As computer programmers we will...

- ... develop our coding skills
- ... ensure we are being safe online

In Spanish we will...

- ... Revise greetings
- ... Learn the Spanish pronunciation of wild animals
- ... Learn the Spanish pronunciation of sports
