

One big question: What is life like for a child in South America?

One big fieldwork study: Investigating rainfall in the UK and South America

VIP: (Very Important Person): Neymar da Silva Santos Júnior

As designers we will...

- ...plan a detailed step by step guide to create a carnival mask
- ...investigate different types of carnival mask designs
- ...make a Brazilian carnival mask
- ...accurately make holes in a product
- ...evaluate our masks

Using computing skills, we will...

- ...research physical features in South America

As musicians, we will...

- ...investigate samba music
- ...identify instruments used in samba music
- ...discover, play and improvise samba rhythms
- ...create our own samba band

As mathematicians we will...

- ...measure rainfall in the UK and South America

As artists we will...

- ...investigate Beatriz Milhazes' style of art
- ...create collograph prints with different material
- ...make printing blocks
- ...create a printed piece in the style of Beatriz Milhazes
- ...recreate South American flags using IT
- ...sketch objects from different perspectives

Y3 'Know about Now' curriculum overview –

***Aim:** To inspire a curiosity and fascination about the world and the lives of children today through the exploration of diverse places. Through this learning, pupils will demonstrate a geographical and cultural awareness and in turn acquire a rich cultural capital and an appreciation of the similarities and differences of people's lives across the world.*

As philosophers we will...

- ...discuss the living arrangements of different people around the world
- ...understand different people's lifestyles
- ...research famous people who have shown determination and resilience

As geographers we will...

- ...locate South America and its surrounding countries and oceans
- ...identify countries and their capital cities in South America
- ...identify physical features of South America
- ...identify climate zones
- ...investigate rainfall in the UK and South America
- ...study different sources of water
- ...study the quality of soil to examine fertility
- ...investigate the population of different places in South America
- ...compare rural and urban settlements
- ...investigate a South American tribe

As writers we will...

- ...write a diary in the role of Jemmy Button using pronouns
- ...write a letter to a South American pen pal
- ...write a set of instructions using adverbs
- ...write a traditional tale

As scientists we will...

- ...separate materials through filtration

In our Rights Respecting School work, we will learn about...

- ...Article 6 (life, survival and development)
- ...Article 24 (health and health services)
- ...Article 26 (social security)
- ...Article 27 (adequate standard of living)
