

LI: Character description-shared write KG

Miss Nancy is an extremely old lady! She is 96 years old and she lives in an old people's home. Her head is covered with grey and white tatty hair tied up in a bun. Miss Nancy is wearing a beautiful, colourful and rainbow dress. At the end of her skinny legs she is wearing red socks and has got pink slippers on her old and tired feet. She is happy and has a big smile on her face because she has an amazing neighbour called Wilfred that comes to visit her every week. She is so old and sadly she has lost all of her memories.

LI: Character description-shared write AD

Miss Nancy is an elderly lady who lives next door to Wilfrid's house.

She has a beautiful smile and pink rosy cheeks. Her skin is very wrinkled but she still looks lovely. Miss Nancy has hair as white as fresh snow. It is very long so she wears it curled up in a bun. Sometimes it looks like Miss Nancy has just woken up because her hair can be a bit messy!

She always wears her fluffy slippers and cosy socks. Miss Nancy has lots of nice dresses but her favourite one is multi-coloured and she wears it all the time!

She loves sitting down in her favourite chair and watching her pet chicken peck the floor. She also enjoys talking to her friend Wilfrid when he comes to visit her after school.
