

Oak Trees Multi Academy Trust

Dear Parents/Carers of Oak Trees MAT Schools,

I am delighted to tell you that Oak Trees MAT is now working in partnership with Unilever, one of the world's largest organisations, with the aim of further enriching the curriculum for our pupils.

Unilever employs approximately 149,000 people across the world, has created over 400 brand names in more than 190 countries and is a global company with a global purpose. To be able to involve our pupils in the projects and activities of a company who have been at the forefront of product innovation for over 120 years is extremely exciting for the Trust, and we can't wait to get started.

The collaboration will take two forms. Firstly, whole Trust activities will be co-ordinated, including product designing, educational festivals and sustainability projects, enabling our pupils from all the MAT schools to work together on joint projects. Secondly, Unilever will support individual schools in further developing their curriculums. If, for example, a year group is studying the history of Port Sunlight or would like support in teaching computer coding, Unilever will provide bespoke support to our individual schools.

Our first Trust event will begin in the second half of the autumn term and further information will be sent out prior to this. We are proud to have Unilever supporting our schools and look forward to the partnership blossoming in the coming years.

Yours Sincerely,

A handwritten signature in black ink, appearing to read "Tony Lacey".
